01 FC:1464 Dear Sir, 00 DA

In response to the Notice of Abandonment mailed December 20, 2007 in connection with the subject application, Applicants hereby respectfully petition under the provisions of 37 C.F.R. 1.181 and M.P.E.P. §711.03(c) for decision to withdraw the holding of abandonment.

The Notice of Abandonment dated December 20, 2007 indicates that this application was abandoned in view of Applicants' failure to respond to the Notification of Missing Requirements. However, a review of the file jacket for the present application, the firm docketing records, and the contents of the file for the present application reveals that the original Notification of Missing Requirements was never received by the offices of the undersigned.

The fact that the original Notification of Missing Requirements mailed December 14, 2006 was never received is evidenced by **Exhibits I & II** attached hereto.

Exhibit I is a copy of the front page of the attorney's file jacket of Serial No. 10/579,092. It is the policy in our office to record all information regarding Office Actions and responses on the front page of the file jacket. As the Petition Examiner will note, there is no entry with respect to a Notification of Missing Requirements entry due date of February 14, 2007.

Exhibit II is a copy of the manual daily docket sheet for Harness Dickey & Pierce P.L.C. (Reston Office) for the date of February 14, 2007, containing entries made by our Docketing Personnel of due dates in response to United States Patent and Trademark Office Actions. It is the policy of our office to docket all due dates for Office Actions received from United States Patent and Trademark Office into our manual docket system. There is no Docket Number 10400-000227/US, which corresponds to Application Serial No. 10/579,092 for Response to Notification of Missing Requirements due date entry for February 14, 2007.

In view of the above-described facts, it is readily apparent that the abandonment of the present application was unavoidable and due solely to problems with the United States Patent and Trademark Office mailing of the Notification of Missing Requirements dated December 14, 2006. Accordingly, this petition is being timely filed for the purpose of petitioning withdrawal of the abandonment in view of the above-stated facts.

Further, we file concurrently herewith a Response to the Notification of Missing Requirements. A copy of the Response to the Notification of Missing Requirements is enclosed herewith.

It is further believed that no petition fee is necessary in connection with this petition. In the event that the petition fee is deemed necessary by the United States Patent and Trademark Office, it is respectfully requested that the fee of \$130.00 as set forth in 35 U.S.C. §1.17(h)(1) be charged to Deposit Account No. 08-0750.

In the event that any matters remain at issue in the application, the Examiner is invited to contact the undersigned at (703) 668-8000 in the Northern Virginia area, for the purpose of a telephonic interview.

Respectfully submitted,

HARNESS, DICKEY AND PIERCE P.L.C.
